# 1st Annual Tuscaloosa TRANSPORTATION SUMMIT

Tuscaloosa River Market

PRESENTED BY:  
TTAG

# Connecting the Dots

Linking Infrastructure & Community  
NEEDS AS ONE

August 7, 2014  
12:00 p.m. -  
1:30 p.m.

## TWO LEGISLATIVE ACTS TO BE AWARE OF:

1). ACT 2021-408 (House bill 463 ) --- Enacted May 13, 2021

Local Road Improvement Authorities: Providing for the creation of joint road improvement authorities for counties and participating municipalities.

- created by agreement of municipalities; file with probate judge to create the public corporation;
- approval by the governing bodies for each participant entity;
- Section 12 & 13 --- powers to act, issue bonds;
- can enter into joint funding agreements or solely provide resources to support road and bridge improvement, facilities, and maintenance.

2). ACT 2023- 537 (Senate bill 205) --- Enacted June 14, 2023

Alabama Transportation Infrastructure Bank: The purpose of the Bank is to provide government units with a lower cost alternative financing source for funding needs related to construction and improvement of highway and transportation facilities.

The bonds issued by the ATIB are secured by ALDOT resources generated from fuel tax revenues;

Application guidelines on ALDOT website; See also Alabama Code Section 23-7-2, et al.;

Can be a combination of projects or one single project; joint projects also qualify;

2023 amendment provides for loans as low as \$1,000,000 (lowered from prior minimum of \$5 million), and allowing cooperative improvement districts and tax increment districts to apply.
